Messrs. Mortimer and Monobray: -Gents - You may think it strange that I have taken the liberty to write you this letter, but I do so under circum stances that jestify it. As you are the Agents for HAMPTON'S VEGETABLE TINCTURE, I deem it expedient to address you this note, hoping it may be a part of the honorable means of giving this medicine notoriety which its merits deserve. Being in the habit of vending medicines which relate to the patent and regular system, I consider myself, to some extent, a judge of the real merit of many of them. My experience teaches me that "Hampton's Tincture" is a Medicine of real merit of intrinsic value. When I say this, I do not say that it is an infallible cure in all cases, but I mean to say that Hampton's Tincture will favorably operate in all diseases originating from a want of proper secre-tions of the gastric juices, bad digestion, and conse-quently bad deposits of animal matter from that source. I believe that many diseases located in va rious parts of the system, such as Inflamation, Ulcers, Scrofula, 'c., originally have their being in the stomach, from bad food, bud digestion, and consequently bad depositions of the circulation to those parts; and I will believe Hampton's Vegetable Tineture will even react in those cases.

Having found out myself what it is, I recommend it to others in such cases as I have described, and I PER, on the arrival of the Cars. If wishing to have done it upon the "no cure no pay" system, and remain over right, they can be accommodated with I have yet to have the first bottle returned, or the first objection about the pay. It is a great pity, it cannot be more extensively circulated among the people. people. * I warrant it in the following cases; Gout, Rheumatism, Inflamations, which proceeds from the stomach, Scrofula, Seres, Dyspepsia, long stanting cases of Ague and Fever: first stop the chill, and then give the Tinc-ture—the difficulty in this case is not in stopping the chill, but the return of it, this the Tineture will certainly do. In general debiliations, I warrant it, and as I said before, I have procured a trial of it in this way, which otherwise I could not; the people have been humbugged by patent medicines so long, that they are atraid of alt. This is clearly a stomach medicine, it works all its wonders there, and in all such cases it is a specific, if anything in the world

Having given the Tineture a fair trial with my self, in my family neighborhood, I think I am war-ranted in what I say about it, and which I do without any other interest than the wish to see it in general circulation, and in every man's family, just

where it ought to be.
If what I say be doubted by any of the afflicted and they will write to me at Sandy Buttom Post Of fice, Middlesex county, Va., stating the nature of the disease, and I recommend it for such a case I will warrant it, and if it don't do good, I will pay for the

KIDWELL'S COMPOUND FLUID EXTRACT OF BEECH DROP.

(OROBANCHE VIRGINIANA,) for the tapid cure of Cancer, Ulcerated Sore Throat, White Swelling, Bronchitis, Dropsy, Dyspepsia. and all Diseases arising from an Impure state of

OR CANCER ROOT:

Prepa ed by J. L. KIDWELL, Druggist, George-te vn, D. C. History of the Beech Drop, or Cancer Root. THE BERCH DROP, OR CANCER ROOT, is figured and ascribed by the celebrated Dr. Barton, in his Medi-A knowledge of its extraordinary medical virtues

was first learned from the North American Indians, by whom it was used for the treatment and cure of ncer, Rheumatism, Scrofula, and Consumption. The Fluid Extract of Orobanche is composed enrely of the products of the vegetable kingdom, so embined as to possess in the greatest perfection the virtues and powers of an alterative and purifier of the blood. It is, therefore, applicable as a never-failing remedy in Scrofula, whether suppurative or dandular, Chronic Rheumatism, Cancerous diseases a sny form, especially concerous diseases of the terus. In all complicated cases of Scrofula and phills, and in cases where the syphilitic virus of ie parent causes a devalopment of Syphilis or Scrofula in the child, this is the only remedy upon which a hope of recovery can be reasonably founded.

It is useful in all scaly skin diseases, Ulcerated
Sore Throat, White Swelling, diseases of the bone, and all cases of an ulcerous character. It is also particularly useful in Chronic and Nervous Comlaints, occurring in debilitated and cachetic constitution; in Bronchitis, Dyspepsia, Chronic Enlarge ment of the Liver and Spleen, Dropsy, diseases of the Kidneys and Blander, and all diseases arising from

in impure state of the blood. The estimate that is accorded this preparation by the medical profession, and indeed by all competent judge of its merits, may be seen in the fact, that is constantly prescribed by many of our most emi-ent physicians, and that it has been presented to heir students as worthy of their especial attention. The following certificate is given from the very best authority—John R. Jones, late Assistant Clerk to the House of Representatives. His recovery is scusidered extraordinary. Most of the members of both Houses of Congress visited him at the St. Charles Hotel, and expressed their astonishment at the wonders effected by the Compound Fluid Extract

f Beech Drop : WASHINGTON, D. C., April 29, 1853. For the benefit of the pubcic, and with none other than a desire to do good, I cheerfully state, that I was afflicted with a cough and bronchial affection, rom July, 1857, to March, 1853, and during that ime was aimost constantly confined to my room, taboring under great debility and severe cough. I bad medical skill of the highest order, through whose treatment, and under the guidance of a tigher than mortal power, my life was prolonged til March, 1853, when I commenced the use of Dr Kidwell's Beech Drop, or Extract of Cancer hoot. ince that period I have taken about six bottles of the medicine, and it gives me pleasure to state that it has effected an entire cure, with the exception of weakness, occasioned by long confinement to my to try it. I consider it an invaluable medicine. The humbugs usually palmed upon the public in the shape of certificates favorable to the virtues of medicines, almost deter me from giving mine; but a sense of justice and humanity alone prompt me to

make the above statement. JOHN R. JONES. Late Ass't Clerk Ho. of Reps., Washington. Now Chief of the Land Office, Vicennes, Ind.,

CHRONIC RHEUMATISM CURED! GEORGETOWN, Jan. 31, 1863. DEAR SIR: It is with a sense of gratitude, and desire that others suffering from disease may be induced to use the Extract of Beech Drop, that I consent to give the following statement for publicity. Until the last month I was a sufferer from Chroni-Rheumatism, from the effects of which my health war so completely undermined and broken up, that l lost 20 or 30 pounds of my usual weight. Anxious to find some relief, I resorted to the most approved patent medicines. I used a number of bottles o 'ownsend's Sarsaparilla, and exhausted the list of Liniments, without any effect. My joints now be came enlarged, and the pains in my limbs so excruciating, that they had to be rubbed two or three times a night. The muscles of my legs were so contracted that I presented the appearance of a maz of sixty-five when I walked. In this condition, more through curiosity than a belief in its good effects, I commenced to e use of your Beach Drop, and in ten or twelve days the swelling about my joints had subsided; and now, after the use of three bottles, I am

able to resume my business, and can walk with the same ease and comfort that I formerly did. Yours truly, &c., Isaac Dance., Second street, Georgetown.

Georgetown, February 1, 1854. MR. KIDWELL-SIR: A female member of my family ged 14 years, had been affected with a painful scro ulous affection of the ear for 4 years, and nithough the best medical advice was had here and in Baltimore, still the disease increased and the pain often became almost intolerable. Fortunately for us, your Beech Drop was recommended to be used, and I have great pleasure in stating that it has been eminently successful. The Mucous Secretions has not made its appearance for some months; the health of the pa tient has been quite restored; all the parts that were heretofore so much diseased have become sound and well, and I am much gratified in being able to state to you, that I regard it as having been acemplished entirely by the use of your Beech Drop.

I am very respectfully, your obedient servant, GEORGE POE, Jr., To John L. Kidwell.

Washington, D. C., December 12, 1853. John L. Kidwell: Dear Sir-This is to certify that my daughter, aged 2 years, was affected with Scrofa of a very aggravated form—the disease had so undermined her health, that life was entirely de pared of. Hearing of the efficacious effects of your Beech Drop in such cases, I procured it, and after using one bottle so evident was her improvement hat we persevered with it. When she had used bottles, her health was perfectly restored. Our neighbors and friends who saw her condition prior to using the Beech Drop, unite in attributing to your

emedy the credit of her recovery. Very respectfully yours, WILLIAM R. McLEAN. To John L. Kidwell, Georgetown.

Mr. Kidweil - Dear Sir: I had a lady under my charge of the highest respectability, afflicted with complicated case of Scrofula, which entirely baffled the physicians for eight or ten years. Failing my self to arrest the disease, I wa induced to use your preparation of Beech Drop, the effect of which has been miraculous after the use of three battle. consider her perfectly restored. PHILADELPHIA, March, 1, 1853. Dr. C. M. Jackson: Dear Sir-For the past two ears I have been severely afflicted with Liver Complaint, Dyspersia, Bilious Diarrhosa, and Piles, sutering in a great degree constantly, the pains and i conveniences attendant upon such diseases, without energy, being scarcely able to attend to any basi ness. I lost a great deal of my flesh, and used many kinds of medicine, with no apparent change, until commenced with your "Hooftand's German Bitters." they have entirely cured me. I have gained in weight over forty pounds since I commenced thei: use, and I am now entirely free from pain and ache f any kind, and feel like a new man. I unhesitate ingly recommend your Bitters to all invalids.

Yours, respectfully, JOHN R. CORY, from here to a friend who had been sick for a long time; he has also been cured by them. I believe them to be superior to any medicine new in use." E. B. Perkins, Marietta, Ohio, Feb 22, 1851,
